

Reading Practice

Instructions: (use the dictionary if necessary)

- 1. Listen to the audio together with the text. Stop the audio at the breaks.
Try to imitate the pronunciation you listen.**
- 2. The audio comes back to the beginning after each stop. You have to come back too.**

Text - Rainbow Passage

When the sunlight strikes raindrops in the air, they act as a prism and form a rainbow. The rainbow is a division of white light into many beautiful colors. These take the shape of a long round arch, with its path high above, and its two ends apparently beyond the horizon. There is, according to legend, a boiling pot of gold at one end.
